

VILLAGE SEEKS WEBSTER WAGNER PROPERTY SUGGESTIONS

Posted by Joshua Thomas | Aug 3, 2017 | News | 0 🗨️ |

PALATINE BRIDGE — The village of Palatine Bridge is seeking help from the public in deciding how to best utilize the vacant lot which was formally the site of the Webster Wagner home. The village took ownership of the property early this year, the structure being demolished by the village with financial help from the Greater Mohawk Valley Land Bank.

Also thanks to the GMVLB, numerous items and structural pieces have been saved.

The now vacant lot will soon be put to final grade and seeded.

The Village Board requests public input on how to best remember and honor the former site and home of Webster Wagner. With ideas and suggestions, contact the village office at (518) 673-2917, attend a Board meeting or reach out to any board member.
